EDUCATION

CMR Engineering College

B.Tech - Computer Science & Engineering

Jan 2029 - Present

CGPA: 8.75/10

SR College

Intermediate (MPC)

Percentage: 98.5%

Sri Vidya Sai High School

SSC (10th Standard)

CGPA: 9.5/10

SUMMARY

B.Tech Computer Science and Engineering undergraduate skilled in Python, Java, C, and Web Development, with a strong academic record and a passion for building practical software solutions. Seeking a Software Development Internship to apply my technical foundation, contribute to real-world projects, and grow as an engineer in a dynamic organization.

EXPERIENCE

Web Development Intern - Codomax Digital Solutions

Ongoing

- Working on web development tasks, contributing to the design, development, and maintenance of web-based applications.
- Collaborating with the team to build and enhance front-end and back-end components using web development technologies.
- Gaining hands-on, real-world experience in software development practices and workflows.

PROJECT

Smart QR-Based Attendance System

- Developed a web/app-based attendance system that uses dynamically generated QR codes to mark student or employee attendance, reducing manual roll-call time and proxy attendance.
- Implemented QR code generation and scanning with time-bound/session-based validity to prevent code reuse or sharing.
- Built a backend to store and manage attendance records, with a dashboard for viewing and exporting attendance reports.
- Used Python and Web Development technologies for the application logic, database integration, and user interface.

SKILLS

Python, C, Data Structures, Java Basics

LANGUAGES KNOWN

English • Telugu

INTERESTS

Quick Learner • Strong Communication Skills • Team Collaboration • Leadership • Time Management • Problem Solving

ACHIEVEMENTS

International Hackathon - Smart India Hackathon (SIH) 2025 • NextZen Hackathon 2025
